BRAINERD, MINN., MONDAY, NOVEMBER 15, 1909

Price Two Cents

HUNDREDS PROBABLY HAVE PERISHED

Terrible Disaster in Illinois Mine.

MINERS ARE ENTOMBED

Little Hope That Any Will Be Found Alive.

HARDLY A HOME HAS ESCAPED

Catastrophe Desolates the Little Town of Cherry.

Cherry, Ill., Nov. 15.—Three hundred and eighty-five men dead and missing is the terrible toll exacted in the catastrophe which struck the Cherry mines Saturday.

When the day dawned Sunday morning it lighted up a scene of distress and desolation and the last rays of the setting sun, shining as brightly as if such a thing as death had not struck with a heavy hand, seemed only to mock the grief stricken survivors and mourners for those who went down into the mine Saturday morning never to return alive.

For, though hope springs eternal in the human breast and some still hope that life may yet remain in the bowels of the earth beneath the surface of Cherry, the fact remains that the officials expect nothing more than to bring from the mine more than 300 stark bodies, cold in death.

Late Sunday night government rescue men and state mine inspectors, taking their lives in their hands, unsealed the shaft of the burning mine and penetrated to the 380-foot, or first, level of the mine.

They found that the fire had been smothered. The smoldering ruins of the framework in the main shaft, the dense pall of smoke and the other havoc wrought by the flames were the only evidence of the fire which raged so fiercely for two days.

No bodies were discovered. No search was made for them. The little party that descended into the mine was satisfied to find that the measures taken to check and to smother the flames had proved effectual. The men quickly returned to the surface.

Today the shaft of the Cherry mine will be opened up to the 500-foot level. Venturesome men will go below. The work of bringing out the dead will then begin and the harrowing scenes which have been witnessed at the mouth of the shaft and all through the little town will pale into insignificance.

Many Homes Desolated.

Hardly a home in Cherry is without its grief and in some cases whole blocks have been desolated. In one block especially, where there are thirty-three houses, averaging two families to the house, making a total of at least sixty-six men, but two are alive and accounted for.

One woman has gone stark mad.

BANE'S REAL ESTATE AGENCY

CROW WING COUNTY LANDS

80 Acres suitable for a chicken farm, 4 miles from Brainerd. \$6.00 per acre for quick sale.

200 Acres S. E. of Brainerd, fine land. For short time at \$10.00 per acre.

TUGS GO TO ASSIST VESSEL

Ore Carrier Fast on a Rock in Lake Superior.

Duluth, Nov. 15.—Half a dozen tugs which made several unsuccessful attempts at rescue, left Ashland and Bayfield, Wis., and, flying before a southwest gale, are endeavoring to reach the ore carrier James H. Hoyt, which lies on an uncharted rock in Lake Superior, twenty miles northeast of Bayfield, with twenty-three men on board. Leading the expedition is William Chamberlain of Duluth, the courageous mate, who, with a companion, reached land safely in a lifeboat rigged with an improvised sail after the Hoyt was driven onto the rock in a northeast blizzard early Saturday morning and brought the first news of the disaster.

The captain of the steamer Bartow, which reached Duluth Sunday night, said he passed the Hoyt Sunday and that she was weathering the gale successfully. The wind suddenly veered from the northeast to the southwest, a peculiar atmospheric condition which probably prevented the Hoyt from being battered to pieces and saved the lives of her captain and crew. The vessel is partly sheltered from the southwest wind and waves by a reef.

There is little doubt that some of the tugs will be able to reach the Hoyt and take the crew from the imperiled vessel.

The tug Maxwell, owned by Whitney Bros. of Duluth, which left this port Saturday for Bayfield, is thirty hours overdue, but the owners do not believe the boat has met with misfortune. They are confident that the tug has found shelter. Six men are aboard.

Ninety boats are tied up at the Soo on account of the storm.

BOMBS THROWN AT VICEROY OF INDIA

Lord and Lady Minto Have Narrow Escape From Death.

Ahmedabad, British India, Nov. 15.—Lorn Minto, the viceroy of India, and Lady Minto had a narrow escape from being killed by bombs. They were driving through one of the streets, when without warning, two bombs were thrown at their carriage. A dragon who was riding alongside spurred forward and with outstretched saber intercepted the first bomb, hurling it into a sand heap. The second bomb struck the viceroy's jemidar, a native lieutenant, who was holding an umbrella over Lady Minto, and fell harmlessly to the ground.

EARL OF MINTO.

Neither bomb exploded as the soft sand acted as a buffer. They were found to contain picric acid. Just prior to this, as the carriage passed through one of the streets, a bomb exploded a little distance away. Police and others, attracted by the explosion, ran up and found a man on the ground with his hand blown off. He proved to be an innocent bystander. The bomb throwers made their escape and as yet no arrests have been made.

Margaret Illington Again Married.
San Francisco, Nov. 15.—Margaret Illington-Frohman, the well known actress and former wife of Daniel Frohman, theatrical manager and promoter, is now Mrs. E. J. Bowes of Tacoma, Wash. The couple were married in Reno, Nev., shortly before they left that place for San Francisco.

Hunter Kills Youth.
Duluth, Nov. 15.—The ten-year-old son of Leo Lord of Solon Springs, Wis., was shot and instantly killed while driving a deer towards a Superior hunter, whose name is not known here. The hunter mistook the youth for the deer and shot him.

BAD BLIZZARD IN THE NORTHWEST

Sweeps Over North Dakota and Western Minnesota.

TRAFFIC IS BADLY CRIPPLED

Trains Stalled and Communication Interrupted—Center of the Storm Rotates Over Fargo and Spreads Out Over a Hundred Miles in All Directions—Railroads Rush Wrecking Crews to Ditched Freights.

St. Paul, Nov. 15.—A maelstrom of snow, eddying out of the Northwest in the current of a keen sixty-mile wind, whirled over the Dakotas and Northern Minnesota for thirty-six hours, interrupted communication, blocked trains and piled them in ditches and seriously impeded the activities of cities and towns.

The snow, followed by below-freezing cold, covered the prairies a foot and a half on the level, rose in twelve-foot drifts along fences and grades and filled railroad cuts to the tops, eighteen feet high.

The center of the storm rotated over Fargo, its force sweeping out over a hundred miles in all directions, until it suddenly ceased altogether, revealing cold, clear skies and leaving an unstriving wind.

The high wind, leaving the snow behind, came on southeasterly and reached St. Paul. Here it blew all day with an increasing cold, which brought out ulsters and caps and shivering pedestrians.

The storm seemed to originate about proverbial Medicine Hat and upper Montana, dropping the mercury with a thud against the bulb in those vicinities and continuing southeasterly along the line of the Northern Pacific, until near Minot, N. D. it struck warm atmospheres, precipitating showers of snow, which gradually increased in volume as it raced onward toward Fargo and Western Minnesota.

There has been no travel of consequence on the main line of the Northern Pacific through North Dakota since late Saturday night. Jamestown reported that no train had passed through there all day Sunday and only two trains went through Fargo. The Chicago, Milwaukee and St. Paul and the Northern Pacific trains were held at Fargo, the Great Northern alone sending out two, whose whereabouts have not yet been heard of.

Makes Trouble for Railroads.

Grand Forks reported that there had been no communication west of Church's Ferry. Snow, falling there all day, drifted three and four feet high in the city, and so fell generally over the northeastern part of the state. High winds accompanied it. At Langdon and Devils Lake the last reports indicated that the storm was increasing in ferocity. The railroads are now having a great deal of trouble from the effects of intense cold on the engines and on stock in open cars.

Finally the storm swirled about Fargo and became extraordinarily violent about Moorhead and Manitoba Junction in Minnesota, at which latter place two freight engines and trains piled up in the ditch, and a train is being held behind them over which the drift is pouring and stalling it.

This train is eastbound for St. Paul, having stock cars in its trail, loaded with cattle, which stockmen are punching about in their cars with poles to prevent them from freezing. As the weather is moderating, some hopes are being entertained of saving the animals' lives. Wrecking crews have been hurried from the division headquarters at Dilworth and are working to free the train from the grip of the storm.

Snowplows were hauled out of the shops on the Northern Pacific at Fargo, Dilworth and Western Dakota division points for the first time this year and are trying to clear the line.

It was believed at Fargo late last night that the blizzard was about at an end in that neighborhood, and reports from other places give signs of its ending.

Heavy snow fell in Brainerd, Wadena, Fergus Falls and Crookston. The blizzard is said to be the worst of the past thirteen years.

Guide Accidentally Shot.

Duluth, Nov. 15.—George E. Cooper, a settler near McGregor, Minn., is one of the first victims of the deer hunting season. He was acting as a guide for a party of hunters. By the accidental discharge of a gun he was shot in the face and left arm. He will probably lose the sight of his left eye.

NEARLY A HUNDRED LIVES LOST AT SEA

Mail Steamer La Seyne Sunk in Collision.

Singapore, Nov. 15.—The mail steamer La Seyne of the Messageries Maritimes service, running between Java and Singapore and on her way to this port, collided with the steamer Onda of the British-India line and sank within two minutes. Seven European passengers, including Baron and Baroness Beniczky, the captain of La Seyne, five European officers and eighty-eight others, comprising native passengers and members of the crew, drowned. The rescue of sixty-one persons, practically from the jaws of schools of sharks, formed a thrilling incident.

RIDDER DENIES THE STORY

Publisher Calls Cannon's Statement False and Absurd.

New York, Nov. 15.—A demand has been made on Speaker Cannon to furnish the names of the men whom he says with Herman Ridder offered to pledge certain metropolitan newspapers to boom him for the presidency if he would use his influence to have the duty on white print paper removed.

The charge was made by Speaker Cannon at a banquet in Bloomington, Ill., and was his explanation of the criticisms of his public acts.

Mr. Ridder was interested in the tariff on white paper as president of the American Publishers' association. He characterized the charge as both false and ridiculous and now insists that Speaker Cannon make known the names of the members of the delegation whom he claims were present when the offer was made.

"Cannon must be crazy to make such an absurd statement," said Mr. Ridder. "The story is absolutely false and ridiculous. I did not pledge him the support even of my own paper and never talked to him about securing newspaper report in any shape or manner."

Bold Robbery on Broadway.

New York, Nov. 15.—Within range of the brilliant lights of Broadway expert cracksmen blew open the safe of a shoe company's store and got away with \$4,000 in cash. The robbery was not discovered until many hours later.

\$2.50, \$3.00, \$3.50

\$4.00 to \$10.00

We can not do our Boys' Overcoat stock justice by telling you. Bring in the Boy, and allow us to show you the new styles.

Crawford Shoes
McKibbin Hats

Lion Brand Shirts
H. and P. Gloves

He says he gets lonesome without it. Mr. Carr's many friends in Brainerd kept him busy shaking hands while here.

THE O'BRIEN MERCANTILE CO. has just received a car of **NEW YORK APPLES**.—ELEGANT stock, worth more and cost more. Be sure and try a barrel of **NEW YORK APPLES** at the O'BRIEN MERCANTILE COMPANY. 138tf

The train from the west was almost seven hours late Sunday afternoon, the delay being because of some freight cars jumping the track at Manitoba Junction and delaying passenger traffic by blocking the track. The train this morning was also delayed badly and did not reach Brainerd until after 9 o'clock. When it did come it brought the sleeper due here Sunday morning, the coast train having been delayed by a wreck and storm in Dakota.

The Ladies Auxilliary of the A. O. H. will give one of their popular entertainments and dance at Elk's hall Monday evening, November 15th. Light refreshments will be served and all their friends are invited. 139tf

The Northwestern Telephone Exchange company today received a load of cable for use in reconstructing the exchange in this city. The 500 new poles which are to be set are all painted and shaved and over 75 of them are already set. Work on the new exchange is progressing even more rapidly than was hoped for. Between 15 and 20 men are at work now and a crew of linemen are expected from Duluth almost any time to assist those already here in stretching the cables.

THE O'BRIEN MERCANTILE CO. has just received a car of **NEW YORK APPLES**. ELEGANT stock, worth more and cost more. Be sure and try a barrel of **NEW YORK APPLES** at O'BRIEN MERCANTILE COMPANY. 138tf

About 60 members of the Young People's Society of the Swedish Lutheran church and friends most agreeably surprised Mr. and Mrs. John Thorene, who were recently married, by calling upon them on Wednesday evening at the home of Mr. and Mrs. C. O. Hagberg, on South Fifth street. They presented the newly married couple with a set of china dishes and a leather upholstered rocker. The evening was most enjoyably spent in listening to an impromptu program of speeches, recitations and music and in playing games and in witnessing a mock wedding. All who were present unite in saying that they spent a most pleasant evening, and left wishing the happy couple long life and happiness. Mr. and Mrs. Thorene will make their home at No. 11 South Fifth street.

George W. Moody went to Princeton this morning to report for Judge McClenahan who is holding court for Judge Taylor. He was at Long

Prairie all last week reporting for Judge Wright who is there holding court for Judge Baxter, both the judges in the Seventh district being busy elsewhere. Geo. H. Gardner went to Long Prairie Saturday to relieve Mr. Moody so that he could go to Princeton. Mr. Moody stated this morning that the need for redistricting of the state was growing more and more pressing every day. The districts were established in pioneer days and nearly all the districts in the northern part of the state were sadly in need of more judges, while in some of the southern districts have but two counties and the judges have comparatively little to do. He believed that a redistricting of the state which made the northern districts smaller and put two judges in each district, would prove economical as it would save much time spent in getting from one portion of the district to another.

THE O'BRIEN MERCANTILE CO. has just received a car of **NEW YORK APPLES**. ELEGANT stock, worth more and cost more. Be sure and try a barrel of **NEW YORK APPLES** at O'BRIEN MERCANTILE COMPANY. 138tf

CH BUILDING NEXT SEASON

tions Point to Busiest Season
Brainerd for Many Years
in this Line

GOOD BUILDINGS PLANNED

ry, Postoffice Building and
Business Blocks Will Doubt-
less be Put up

indications point to next season being one of the busiest in the history of building operations in the city of Brainerd. This is especially in the line of business buildings. The following are among the buildings reasonably certain to be erected in 1910:

Brainerd postoffice building, which there has been \$45,000 apportioned. The architects are now working on the plans for this structure which will be erected at the corner of Sixth and Maple streets.

Northern Pacific foundry, for the appropriation has been authorized and for which architects are working on the plans and for \$125,000 is reported to have been appropriated.

While no announcement has been made regarding the building of the Arabian block, there are strong indications not only that this building will be rebuilt, but that there will be a three story brick structure added, extending from the Odd Fellows block clear to the corner of First and Sixth streets.

Mr. H. Beare states that he will probably erect a substantial building on the lots owned by the north of the Slipp-Gruenhard building on Seventh street. He is asked as to the rumor that he will build a hotel Mr. Beare states that he had not decided as yet to use the would put the structure.

Dr. Louis Hite, 428 Outlen, St. Louis, Mo., writes, October 1st: "Foley's Kidney Pills started me on my way to health. I was treated by doctors and took other kidney pills but grew worse, and was unable to do my housework, and the doctor told me I only could live from six months. I am now so much better that I do all my own work, and shall be very glad to tell every afflicted with kidney or bladder trouble the good results I received from taking Foley's Kidney Pills." Hence today and be well. Do not risk having Bright's Disease or other kidney troubles. H. P. Dunn. mwf-w

Lone Star Texas
One Star Texas" which will be mounted at the opera house Thursday, Nov. 18 does not belong to the old-date common-place melodrama. Beaumont Claxton, the author, written an entirely original up-to-date play that contains all the elements of successful productions. The scenes are laid in Texas and the Mexican border during the period of 1845 are lifelike in every detail. The characters are all distinctly drawn and represent various types to be found in that locality at the close of the war with Mexico.

Foley's Kidney remedy will cure every case of kidney or bladder trouble is not beyond the reach of medicine. Cures backache and irregularities that, if neglected, might result in Bright's disease or diabetes. H. P. Dunn, druggist. mwf-w

HIGH SCHOOL NOTES

In past years the public has been in ignorance of what is going on with in the walls of the Brainerd High school. The class of 1910 has taken it upon themselves to appraise the people of these affairs, and henceforth through the courtesy of the Dispatch, a column will be found in every Monday's issue, containing high school notes.

Thomas McMeekin will act as editor, while Ruth Moody will report the workings of the different classes. Lillian Smith has charge of the Personal Mention, and Lloyd Smith will make known what is happening in the schools of our neighboring cities and towns. Roland Barron will look after all matters pertaining to Athletics.

It is hoped the public will look with favor upon this first attempt of our young citizens, and aid them in this new enterprise.

Some fifty High school students journeyed with the team to Little Falls, and cheered them to victory. This certainly showed the loyal B. H. S. spirit, and let us hope it will continue in every matter pertaining to our B. H. S. Earl Entriiken was elected rooster captain, aided by John Brady. Claudius Tucker very ably acted as mascot, and many have said his presence means victory, although such was not the case at St. Cloud.

The senior role thus far numbers twenty-six.

A German course has been introduced this year, as a substitute to those who do not wish to take physics. A number of seniors are also availing themselves of the new language. Miss Nichol has a class of twenty-five.

The physics students have a new supplementary text, Millikan and Gale, which is a great aid to them in this difficult science. New apparatus has also been ordered for the class.

On Thursday and Friday occurred the examination which closed the work for the first quarter of the year.

During the past week the Junior class suffered a severe loss. James Hallett died on the 6th inst. of typhoid fever. Jimmy was always a bright, unassuming boy who was easily one of the leaders of his class. He was at his work as usual Monday morning, and seemed as cheerful as ever, but little did we know what he was suffering at the time. Oscar Swanson, Berton Ford, John Brady, Evert Swanson, Lloyd Smith and Thomas McMeekin accompanied their classmate to his final resting-place.

Whereabouts of the 1909 Alumnae
The girls attending the Duluth Normal are Amy Gilbertson, Maude Cullen, Edna Baker, Evelyn Storm and Alice O'Connor.

The St. Cloud Normal claims only one Brainerd pupil this year—Jennie Benson.

Nora Marco is studying to be a nurse in St. Joseph's hospital in Duluth.

Vivian Reilly is taking the academic course at the University of Minnesota.

Raymond Rose and Wellington Beare are each taking a course in forestry at the University of Minnesota.

James Templeton, who entered the University of Minnesota in September has been obliged to return home on account of illness.

Frank Cullen is working in Spokane.

Walter Fall is occupying a position in the M. & I. office.

The girls attending the Brainerd Business college are Valentine Hayes, Hazel Treglawney and Cecil Witham. Conrad Ousdahl is filling a position in a Spokane bank.

Florence Smith is now visiting her aunt in this city.

Quin Parker is enjoying the lucrative position of coach for the Brainerd High school football team.

Robert Clark has entered Notre Dame university at Notre Dame, Indiana.

Fred Dubois has entered the University of North Dakota, located at Grand Forks, where he now resides. Ray McCall is working in Vermont.

Roy Jeffers is working for an electrical company in Minneapolis.

Earl Entriiken is highly honored in being chosen successor to Cecil Witham as High school player.

Our people may be interested in knowing that Macalaster college is to have a new \$50,000 hall, donated by Andrew Carnegie.

Wm. A. Smamkilin was installed in his new duties as president of Wesleyan university on Nov. 12.

On the Safe Side.

"When I know a friend is on the water wagon I don't urge him to have a drink."

"Neither do I; I invite him to a wine supper. Nothing like being lavish when they're not going to call on you."—Pittsburg Post.

LITTLE FALLS GETS CONVENT

Love of Childhood Home Influences
Location of Convent at Belle
Prairie

MORRISON GIRL HEADS ORDER

Becomes a Nun, Goes to Rome, Becomes Head of Order and Returns to Build School

Little Falls, Minn., Nov. 14—Sister Mary Columbia, mother superior, for the San Franciscan sisters, with the mother house at Rome, is in the city and has secured a deed to 90 acres of land at Belle Prairie, four miles north of this city, on which land the sisters of her order are to erect a large convent. The convent and seminary will be erected on the site of the old school which was destroyed by fire 15 years ago. Work on the new school will commence early in the spring, and the building will be made as near fireproof as possible. Negotiations are being made by Sister Mary Columbia, to secure electric lighting for the seminary from this city.

The mother superior was instrumental in securing the placing of the school near this city, as she was born and raised at Belle Prairie. She took the vow and became a nun and then went to the mother house at Rome. Later she was made mother superior of the order and has charge of all houses, one in Rome, one in Egypt and seven in the United States. She is having the new convent built at her old home on the site of the building in which she herself received both her religious and temporal instructions and where she became imbued with the desire to become a nun and devote her life to the work of upbuilding humanity.

Catarrh Cannot be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it, you must take internal remedies. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.
P. J. CHENEY & CO., Props., Toledo, O.
Sold by druggists, price 75c.
Take Hall's Family Pills for constipation.

Returns to Minnesota

Dr. Cole, of Fergus Falls, who spent the last two winters in Texas has decided that Minnesota is good enough for him this season. At first the Doctor was captivated with the soil, climate and opportunities offered by that part of Texas where he located but the glamour wore off, and he yearned for old Minnesota, and its healthful climate. He purchased many hundreds of acres of land down there, and he announces now that he has just sold the last piece he had. "Minnesota is good enough for me," he says.—Wadena Pioneer Journal.

NO MORE DISTRESS FROM THE STOMACH

A little Diapepsin will Certainly
Make any Sufferer Here
Feel Fine

ALL INDIGESTION WILL VANISH

Misery from Stomach Gas, Heartburn, Dyspepsia and Headache
Ends in Five Minutes

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapepsin and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation, and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to cure almost any chronic case of dyspepsia, indigestion or any other stomach trouble.

And Now Comes The Boy

No parents will argue our statement when we say that the boy needs warmer CLOTHING than his grown up brother. He is subject to all kinds of weather, in fact, the more unfavorable the weather, the better it suits him. To play in the cold snow and wade through the slush, is the one pleasure of his boyish heart. He would not be an

Gathered Here and There

The newly established Pillager Herald, talks of "Rogers-Brown Brothers' Iron Range," which it says extends from Pillager northeast through Baxter and Sylvan to the Messaba range. The Herald editor evidently has never heard of the Cuyuna range nor of the development work already done in Crow Wing county.

A new gasoline propelled engine and thresher combined, invented by Senator Sangeng's brother, was given a tryout on the senator's farm near Dalton, Minn., last week. The trial is reported to have been successful.

Foley's Honey and Tar cures coughs quickly, strengthens the lungs and expels colds. Get the genuine in a yellow package. H. P. Dunn, the druggist. mwf-w

WANTS

Notices under this head will be charged for at the rate of one cent a word for the first insertion and one-half a cent a word for each subsequent insertion, strictly cash in advance, but no ad will be taken for less than fifteen cents.
